**What's New Pussycat??**

An Evening to Remember 2010, that's what! Join Actors Theatre of Indiana, along with their celebrity host, radio personality, Jeff "Pidge" Pigeon in a celebration of music from a time known as the "Mod" 60's. Enjoy the classics from the decade that *Burt Bacharach*, *Dionne Warwick*, *Nat King Cole*, *Andy Williams*, *Petula Clark*, *The 5th Dimension*, and *Tom Jones* made famous. Groove along with the band while sipping "Mod" Martini's surrounded by the vocals of the cool cats from ATI as they perform such hit tunes as "I Say a Little Prayer", "Downtown", "What the World Needs Now", "Do You Know the Way to San Jose?", "These Boots Are Made For Walkin'", "Moon River" and many more! No uptight wardrobe needed. Come styled in the hip dress of the times (Go-Go boots encouraged) or as you are (business casual). Whichever you may choose, you are sure to have a gas!
